19. ABSTRACT (Continue on reverse if necessary and identify by block number) Contracts.					
<p>This report provides data on prime contract actions over \$10,000 (500,000 for older years) awarded by the Department of Defense. For reporting purposes, contracts have been distributed by dollar value into 11 different size categories. The tables provide information on the number of total actions, their net value, and their percent distribution by size and according to a variety of categories, including awarding agency, type of contract involved, type of contract action taken, and competitive status. Table 1 presents data by individual size category (e.g., \$10,000 to \$24,000; \$25,000 to \$49,000), while Tables 2 through 5 present data in cumulative categories (e.g., \$10,000 or more; \$25,000 or more). This information assists DoD management in projecting the workload that will be required by various proposed projects. These data can also be used to identify trends in DoD procurement, e.g., to identify which one of the various types of contracts was most frequently awarded.</p>

F O R E W O R D

This pamphlet contains a distribution of prime contract actions in Fiscal Year 1975 according to 11 size groups, and classified further by contracting department or agency, by kind of contract action (initial contract, order or modification), by type of contract (firm fixed price, fixed price incentive, cost-plus-a-fixed fee, etc.), and by method of contract placement (formally advertised or negotiated).

In order to estimate the workload of a proposed course of action, Defense management needs to know the size distribution of prime contract awards. For example, a proposal to review all the contract awards of \$500,000 or more for Fiscal Year 1975 would require the examination of approximately 8,500 transactions and would cover 75% of the procurement dollars. To increase the dollar coverage to 82% would require the examination of approximately 9,500 additional records.

It is emphasized that the data represent transactions which include not only new definitive awards but also initial letter contracts, definitizations of letter contracts, orders under contracts, funding actions, engineering changes and terminations. Terminations and other downward adjustments of contracts are included in the applicable size group as a positive entry for the number of actions, and as a negative entry for the dollar amount.

Only transactions of \$10,000 or more each are included in the data contained herein. Excluded are 10.0 million small actions having a value of \$4.8 billion because breakouts by kind or type of contract are not available for these small purchases. Also excluded are 19,023 actions of \$10,000 or more, totaling \$4,543 million, placed by the Department of Defense with other Federal agencies and 19 actions (\$354 million) for the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS).

Individual transactions were rounded to the nearest thousand dollars before assignment to size groups. A transaction of \$24,499 was rounded down to \$24,000, and a transaction of \$49,500 was rounded up to \$50,000.

LIST OF TABLES

<u>Table</u>		<u>Page</u>
1	By Military Department	1
2	By Military Department (Cumulative).	2
3	By Type of Contract (Cumulative)	3-4
4	By Competitive Status (Cumulative)	5
5	By Kind of Action (Cumulative)	6-7

H I G H L I G H T S

1. The average contract action was \$178,811 ranging from \$252,399 for the Navy to \$114,415 for the Defense Supply Agency. Contract actions of less than \$50,000 accounted for 70% of the actions but only 7.9% of total procurement dollars. Contract actions of \$10 million and more accounted for 0.2% of the actions; however, these procurements were 39.0% of the total contract dollars (Table 1).
2. There were 4,597 contract actions for \$1 million or more with a value equal to 68.3% of the dollar total. These large actions accounted for 75.7% of the Navy total, 68.0% for the Air Force, 61.8% for the Army and 60.0% for the Defense Supply Agency (Table 2).
3. Cost-Plus-Incentive Fee contract actions averaged \$1,521,008 and Fixed Price Incentive Fee contract actions averaged \$881,994 compared with a low average of \$115,601 for Firm Fixed Price/Fixed Price Escalation actions (Table 3).
4. The average formally advertised contract action was \$153,898 compared with \$112,602 for the average action negotiated competitively and \$217,755 for the average negotiated contract action without price competition (Table 4).
5. Initial Letter Contracts and Definitive Contracts Superseding Letter Contracts averaged \$1,712,941 and \$1,504,597 respectively, while new Definitive Contracts averaged \$178,639. Orders under contracts averaged \$72,482 each (Table 5).
6. The number of actions for Fiscal Year 1975 in the \$10,000,000 or more category increased by 9.8% from Fiscal Year 1974; there were 503 actions in Fiscal Year 1975 compared with 458 actions in Fiscal Year 1974.
7. The average Fiscal Year 1975 action was \$178,811 or \$5,071 higher than the average action in Fiscal Year 1974. In both Fiscal Years 1974 and 1975 more than two-thirds of the dollar total was in awards of \$1,000,000 or more.
8. Prime contract awards of \$10,000,000 or more accounted for 39.0% of the total value in Fiscal Year 1975. The Defense Supply Agency increased by 12.4% from last year while the Army, Navy and Air Force all showed a decrease.
